

PARKLAND CLASS RELAUNCH STRATEGY

Parkland CLASS' Relaunch strategy is based on a gradual return to 'normal' activities while still maintaining a level of caution to ensure the health & safety of individuals, staff and families. Factors contributing to the plan include but are not limited to:

- Individual vaccination rates,
- Provincial restrictions and guidelines, and
- Individualized Risk Assessments

PCLASS PHASE 1 (June 1 - 30)

Immediately (Date): Based on Individual Risk

- Outdoor activities will be permitted (picnic, walks with friends, parks, drive through's, etc)
- Face shields do not need to be worn while outside
- Outdoor gatherings are limited to one additional cohort (1 person other than yourself)
- Family visits are permitted outdoors and/or offsite, but the visitor(s) must be of the same cohort.
- Proprietors - camping with the family unit is permitted as long as remaining within your cohort.
- Playgrounds & splash parks - permitted as long as distancing is maintained.

PCLASS PHASE 2 (July 1- 31)

TBA: Based on Individual Risk & Vaccination Rate

- Gowns are not required unless the home is following isolation protocols due to symptomatic individuals or close contact risk.
 - Shields are not required unless the home is following isolation protocols due to symptomatic individuals or close contact risk.
 - *Note: Staff may still choose to wear shields, goggles or gowns at their own discretion.**
 - Masks are still required in the home.
 - Masks may still be required in community (ie. Health Care facilities and private businesses)
 - Individuals are permitted to attend indoor activities and events (ie. restaurants, swimming) while being mindful to limit exposure to large groups or gatherings. (no specialized risk tolerance required)
- Indoor Visits are permitted by designated visitors. Visits must be in individuals room where possible. Screening must still occur. Only one individuals visit at a time. (Risk Tolerance form required)
- All COVID cleaning protocols remain in place
 - Training will continue to be offered virtually where possible, but some classes may be held in person.
 - A gradual return to full Community Bridging hours will be started.
 - Daily screening and symptom checks are still required.
 - Proprietor Relief opened up (must be discussed with Coordinator prior to using)

PCLASS PHASE 3 (August 2021)

TBA: Based on Vaccination rates & Provincial guidelines.

Placeholder for Phase 3 details.
